HERMANN SCAN CALLS AT PORT OF OLYMPIA

The *Hermann Scan* called at the Port of Olympia this week to discharge 24 pieces of mining equipment from Mejillones, Chile. The oversize pieces weighed over 800 metric tons. In the coming weeks, the equipment will be transported by truck to Grande Cache, Alberta, Canada.

The 380-foot *Hermann Scan* was built in 2007. Its maiden voyage was to Chile to pick up the mining equipment cargo, and Olympia is its second destination. The vessel arrived July 16 and departed July 18.

###

About the Port of Olympia

The southernmost deepwater port on Puget Sound, the Port of Olympia is Thurston County's partner in economic opportunity. The Port owns and operates a diversified international shipping terminal, an established niche facility that handles a range of breakbulk and project cargoes. The Port also owns and operates a strategically located regional airport, a vibrant 656-slip recreational marina and boat haulout/repair facility, and a thriving real estate division. A community port, it generates an estimated 2,600 jobs in Thurston County and indirectly over 5,000 jobs in Washington State.
